Independent Auditor's Report

To the Covenant Living Board
Covenant Living West

Opinion

We have audited the liquid reserves report of Covenant Living West, which includes Covenant Living at the Samarkand, Covenant Living at Mount Miguel, and Covenant Living of Turlock (collectively, the "Organization"), as of and for the year ended September 30, 2022 listed in Part 5 - Liquid Reserves in the table of contents (the "liquid reserves report").

In our opinion, the accompanying liquid reserves report presents fairly, in all material respects, the liquid reserve requirements of Covenant Living West as of September 30, 2022 in conformity with the report preparation provision of California Health and Safety Code Section 1792.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Liquid Reserves Report* section of our report. We are required to be independent of the Organization and to meet our ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Other Matter

We draw attention to Note 1 to the liquid reserves report, which describes the basis of accounting. Our audit was conducted for the purpose of forming an opinion on the basic liquid reserves report taken as a whole. The additional information listed in Parts 1, 2, 3, 6, and 7 in the table of contents is presented for the purpose of additional analysis. This additional information is the responsibility of management. Such information has not been subjected to the auditing procedures applied in our audit of the basic liquid reserves report, and, accordingly, we express no opinion on it.

Restriction on Use

Our report is intended solely for the information and use of the Organization's management and board of directors and for filing with the California Department of Social Services and is not intended to be, and should not be, used by anyone other than this specified party.

Responsibilities of Management for the Liquid Reserves Report

Management is responsible for the preparation and fair presentation of the liquid reserves report in accordance with complying with California Health and Safety Code Section 1792 and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the liquid reserves report that is free from material misstatement, whether due to fraud or error.

To the Covenant Living Board
Covenant Living West

Auditor's Responsibilities for the Audit of the Liquid Reserves Report

Our objectives are to obtain reasonable assurance about whether the liquid reserves report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the liquid reserves report.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the liquid reserves report, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the liquid reserves report.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the liquid reserves report.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

All providers are required by Health and Safety Code section 1789.1 to provide this report to prospective residents before executing a deposit agreement or continuing care contract, or receiving any payment. Many communities are part of multi-facility operations which may influence financial reporting. Consumers are encouraged to ask questions of the continuing care retirement community that they are considering and to seek advice from professional advisors.

Form 7-1

The data utilized in establishing adjustments in monthly care fees include projected increases in costs such as salary and benefits, food costs, utilities, contract services, supplies and other operating costs and economic analyses of market conditions. The development of the budget, which includes planning for next years' costs of salary and benefits, food costs, utilities, contract services, supplies and other operating costs is a six-month process which starts with multi-year forecasting in the spring. For the budget process, historical expenditures are reviewed as well as actual year-to-date expenditures for the current year and an estimated actual for the remaining months of the year.

Budgeted apartment revenues are calculated for the residential units by taking into account occupancy percentages by apartment type and specific monthly rates. Budgeted revenues at the personal care and skilled nursing facilities take into account room type, occupancy percentages by patient payer type and specific monthly and/or daily rates.

Revenues generated from monthly fees are budgeted for in the operating plan. These revenues are planned to cover operating costs and an operating margin consistent with industry standards.

Adjustments to monthly fees typically only occur annually on the first day of the fiscal year, September 30.
